

# Find and Search Animals - Learn English

By Sebastian Simon

Subjects: Langues

Ages: 4-6

At the end of the lesson learners will...

- **Identify** different animals (bee, snake etc.).
- **Match** animals to their correct English name.

## Standards

Does not apply

## Steps

### Introduction

#### 1. Introduction (5 minutes)

- Ask a question: "Do you know all the animals and what they mean to humans?"
- Collect responses and introduce some animals

### Activities

#### Activity 1 – Fact Hunt (10 minutes)

- Each child has an activity sheet they need to fill out

#### Wrap-Up and Sharing (10 minutes)

- Volunteers share their drawing, scripts or fact cards
- Teachers highlight the importance of preserving cultural heritage

### Evaluation

## Formal Exit Ticket

Students write down: Each student writes or glues the images of the animal next to the name, on the exercise sheet.
